[A Secular Age Charles Taylor](#)

A Secular Age is a book written by the philosopher Charles Taylor which was published in 2007 by Harvard University Press on the basis of Taylor's earlier Gifford Lectures (Edinburgh 1998–1999). The noted sociologist Robert Bellah [1] has referred to A Secular Age as "one of the most important books to be written in my lifetime."

There are at least three different senses of the word ‘secular’ as pointed out by Charles Taylor in A Secular Age: Secular – the classic definition. The secular in its earliest meaning just refers to any activities which are not sacred, even though all public space was in some sense perceived to be sacred in this early period. Secular as non-religious activities means anyone, including religious people, could engage in secular work in this sense.

A Secular Age Charles Taylor. What does it mean to say that we live in a secular age? Almost everyone would agree that we--in the West, at least--largely do. And clearly the place of religion in our societies has changed profoundly in the last few centuries. In what will be a defining book for our time, Charles Taylor takes up the question of ...
