[Economic Development By Todaro And](#)

Economic Development, Twelfth Edition —the leading textbook in this field—provides students with a complete and balanced introduction to the requisite theory, driving policy issues, and latest research. Todaro and Smith take a policy-oriented approach, presenting economic theory in the context of critical policy debates and country-specific case studies so students see how theory relates to the problems and prospects of developing countries.

A beautifully written 1990s text that is suitable for the layman and it covers all aspects of economic development, particularly the role of institutions and cultural factors. Short case studies conclude each chapter and it is a stimulating approach. Excellent introductory review on economic development in its broader sense, not just economic growth.
