Most contributions focus on issues of continuity between colonialism and the Holocaust, the colonial empire and contemporary Germany, and overseas colonies and German expansion in Eastern Europe. Substantial differences are revealed between the interpretive approaches of the authors including differences over the meaning of 'continuity' itself.

In the modern era, many states have pursued policies of imperialism and colonialism that were based in part on racist assumptions about the indigenous people they sought to control. Adolf Hitler maintained that the German Volk (a national or ethnic group defined by its supposed race) was destined to control Eastern Europe.

Of an estimated 20,000 Nama, about half were murdered and the rest confined in work camps. Historians have explained the genocide in German South-West Africa as a result of Social Darwinist thinking, embodied especially in von Trotha s idea of race war, combined with the German military s institutional culture of extreme violence. 9

[Blacks United States Holocaust Memorial Museum](#)

More than half a century before the mass executions of the Holocaust, Germany devastated the peoples of southwestern Africa. While colonialism might seem marginal to German history, new scholarship compares these acts to Nazi practices on the Eastern and Western fronts. With some of the most important essays from the past five years exploring the "continuity thesis," this anthology debates the links between German colonialist activities and the behavior of Germany during World War II.
