He explains that mass incarceration in the USA is mostly concentrated in poor areas, and affects young, black and impoverished men with substantial deficits of human capital (p. 60). Although fewer women go to prison, the collateral damage this causes to their families and neighbourhoods is greater than that of their male counterparts.

In the most impoverished places, as much as 20% of the adult men are locked up on any given day, and there is hardly a family without a father, son, brother, or nephew who has been behind bars. While the effects of going to and returning home from prison are well-documented, little attention has been paid to the impact of removal on neighborhoods. Large numbers of individuals have been imprisoned.
