Moreover, once we become used to granting the foetus 'rights', it is a short step to forcing pregnant women to act in 'acceptable' ways - and thus the policing of pregnancy begins. Indeed, any prioritization of the foetus' best interests necessarily involves compromising the autonomy and freedom of the pregnant woman, and the mechanism by which this is achieved is explored in chapter two.

This is the first book of its kind to offer a comprehensive assessment of healthcare law as applied to the unique situation of pregnancy. Drawing on case material from both the UK and the USA, it describes the trend towards 'policing pregnancy' and explores the emergence of the concept of 'maternal-foetal conflict' - and why, in the author's view, this would be more appropriately labelled 'obstetric conflict'.

There is a lack of female police officer representation in police departments nationwide. Women's position, or lack thereof, in law enforcement is a topic of discussion in many police literature reviews. However, there were minimal studies detailing female police officers' personal experiences in the law enforcement profession.
