Sally Mann is one of my favorite photographers. Her works display moments of life with such honesty! These are photographs of her immediate family, mainly her children. They show the most intimate family moments, unapologetically and unashamed, and most importantly, informal. The photos are very honest that way, and at times, vulnerable too.

Sally Mann's "Immediate Family". Sally Mann, an American woman photographer, entered the history of the photo art world not because of her special talents, but because of a scandal. From her youth, Sally preferred to take pictures of nude nature. She was interested in the male gender early on, and while studying in a boarding house she would often close herself in a photo lab with young people.

The complexity of her photographs, including her most famous series Immediate Family (1984–1994), which depicts her three children, who were then all under the age of 10, explores the time between childhood and adolescence. "As ephemeral as our footprints were in the sand along the river, so also were those moments of childhood caught in the photographs," she reflected.
