Storyboard definition What is a storyboard? A storyboard is a visual representation of a film sequence and breaks down the action into individual panels. It sketches out how a video sequence will unfold. A storyboard is similar to a trial-run for your finished film, video, or commercial, laid out in a comic book-like form.

[Value Nomad Releases Tips For How To Make Working On Your](#)

This instructable is a guide on how to create a storyboard. This is a fairly easy process, and all it takes is a little fun and imagination. There are many methods on creating a storyboard, but this instructable will only show two of those. One is creating it by hand, and the other method is using the CELTX program. Using CELTX is probably the simplest in terms of getting it done and simpleness.
