Single-payer health care could be coming to the United States. President-elect Joe Biden's nominee to lead the Department of Health and Human Services, California Attorney General Xavier Becerra ...

[Plain Talk: Single-payer health care isn't 'far left' — it...](#)

A single-payer health care system would be financially draining on the government. Not only would more money be distributed, but there would be additional costs and positions needed within the government to run and manage the healthcare sector. This would take funds away from other important programs like education and infrastructure.

Advocates of single-payer health care—like Sen. Bernie Sanders, I-Vt., with his "Medicare for All" legislation—suggest Americans would enjoy a health care utopia if only the government ...

[Talk:Single-payer healthcare - Wikipedia](#)

Single payer does not mean a government take over of health care, is just a more common sense way to fund the system. Only in a few countries like Canada or the Uk the government controls the system and owns the hospitals, but in most European single payer countries, the delivery remains both private and public, just like in the US and they have a choice of hospitals and doctors in the same way we do here.

For most of us, getting healthcare in this country is way too hard, as the video at the end shows. So to those in Congress who would make it even harder, I say, "Keep It Simple, Stupid," with a single-payer system providing universal coverage and healthcare for all. Because so few people know what single-payer is, Will Fisher uses jelly-beans to explain it.
