Students need to develop these skills to be effective learners. Extensive research shows that there

is significant overlap in the cognitive skills needed for reading and math. It bears repeating that we don't have two brains; we just have one, of course, and we use it for reading and math and everything else we do.

### **Answers To Developing Skills In Algebra Book A**

There are certain math  
milestones most kids hit  
around roughly the same  
age. But keep in mind that  
kids develop math skills at

different rates. If kids don't yet have all the skills listed for their age group, that's OK.
