Free to Learn: Why Unleashing the Instinct to Play Will ...

Children in hunter-gatherer societies learn the skills they need for their life through unstructured time, in which they engage in play guided by their own will and curiosity (Chapter 2). Their play involves storytelling, mimicking adult activities, and shadowing adults, in mixed-age groups without adult interference.

Free to Learn: Why Unleashing the Instinct to Play Will ...

A leading expert in childhood development makes the case for why self-directed learning — "unschooling" — is the best way to get kids to learn. In Free to Learn , developmental psychologist Peter Gray argues that in order to foster children who will thrive in today's constantly changing world, we must entrust them to steer their own learning and development.

Free to Learn: Why Unleashing the Instinct to Play Will ...

drive. Lack of free play may not kill the physical body, as would lack of food, air, or water, but it kills the spirit and stunts mental growth. Free play is the means by which children learn to make friends, overcome their fears, solve their own problems, and generally take control of their own lives.

? Peter O. Gray, Free to Learn: Why Unleashing the Instinct to Play Will Make Our Children Happier, More Self-Reliant, and Better Students for Life “Some people fear that violent play creates violent adults, but in reality the opposite is true. Violence in the adult world leads children, quite properly, to play at violence.

Free to Learn: Why Unleashing the Instinct to Play Will Make Our Children Happier, More Self-Reliant, and Better Students for Life. Drawing on evidence from anthropology, psychology, and history, he demonstrates that free play is the primary means by which children learn to control their lives, solve problems, get along with peers,...

Free to learn : : why unleashing the instinct to play will...

Free to Learn: Why Unleashing the Instinct to Play Will Make Our Children Happier, More Self-Reliant, and Better Students for Life by Peter Gray is a must read for every parent. We have become so disconnected from the natural child that we, as a society, need to peel back our own institutionalized upbringing and take a good evolutionary, evidence-based look at how children learn and thrive.
