the Ethics of Remembrance.” Its major concern is the often irre-solvable con?ict over remembering particularly troubling events, with the war in question being what Americans call the Vietnam War, what Vietnamese call the American War, and what historians sometimes call the Second Indochina War (1960–1975).¹ Ranging

The ethics of remembering and the consequences of ...

Memory is a ‘dualistic entity’, composed of remembering and forgetting, and it is one of the constitutional elements of one’s identity and one’s

self (see for instance, James, 1890/1950; Conway,...

An Ethics of Remembering: History, Heterology, and the ...

As much as remembering, forgetting is constitutive in the formation of new identities (Connerton, 2009). A seminal text in the field of memory studies is that of Yates (1966): memory practices are presented as art, and, in Yates' work, the practical, religious and ethical importance of memory is thoroughly studied. Ricoeur (1999; 2004) offers a deeper study of the importance of forgetting and its socio-political impacts, starting from the history of memories.

'The Ethics of Memory' - The New York Times

Article excerpt. Storytelling is an essential human activity that allows us to negotiate who we are, where we come from and how we envisage our future. But the stories we tell do not just communicate our sense of identity, they constitute it.
